Dear Parent/Carer,

Re: Royal Society of Biology photography competition – 13 July 2021

We have an exciting opportunity for all students to be involved in the *The Royal Society of Biology* photography competition. This year's theme is "interconnected", where students snapshot a moment that showcases the interconnectivity of life. Students will be able to send their entries via their school email address to myself.

If you are happy for your child's photograph to be entered then please complete the consent form below.

Yours sincerely,

Miss Ronan

Science teacher

.....

The Royal Society for Biology Photography Competition 2021

I give my consent for my child (child's name) …….. to take part in the Royal Society for Biology Competition 2021.

Parent/Carer Name .....
