

Additional Learning Online

To ensure that your child continues to make progress in their subjects we have organised learning materials to be available through an online learning platform.

These can be found through the following link or through the school websites front page, full guidance on how to logon and use those resources can be found in the letter entitled “**Distance Learning**”.

Recommended Websites

The Academy recommends the use of the below websites to support and enrich the distance learning experience as above.

	https://www.bbc.co.uk/bitesize
	www.hegartymaths.com (maths teachers will set specific work using this website, students can request additional work)
	www.satchelone.com/login (Regular quizzes are set and created by teachers to support learning, students should sign in with google)
