March 2020

Dear Parent/Carer

Year 11 Independent examination resources

To support year 11 students in the possibility that they are absent from the academy for an extended period of time we have created an independent learning resources pack.

Any whole school decision on school closure will be based on government advice, and we strongly advise that while they can, students should attend school as usual and benefit from face to face teaching, as we firmly believe this is the most appropriate method to support your child.

In this pack your child will receive the following:

- **Subject learning packs** for all of their GCSE subjects containing guidance from their teachers, key revision notes and practice examination questions.
- **Year 11 Exams Support booklet** with tips on how to prepare and details of when the examinations are due to take place
- **Pencil case** including a pen, pencil ruler and rubber
- **A5 Note book**
- **Scientific Calculator** which must be returned to the academy following the end of the examination period.

Contact with teachers: In each subject learning pack there is an email address that students can use to contact a subject specialist who can support their preparation. We would actively encourage students to communicate with their teachers who will be more than pleased to support their learning, through school email.

In addition to these **essential printed resources**, subject teachers will also be preparing online materials to enrich students' preparation, details on how to access these materials can be found on a separate letter about distance learning which will be placed on the school website.

We hope you find these resources allow students to continue their preparation for GCSE exams and if you need any additional support or advice please contact the head of year 11 through louiseknight@graceacademy.org.uk.

Yours sincerely

Mr D Gelder

Principal
