Update for parents of Year 7

Dear Parent/ Carer,

Due to 2 further positive cases in Year 7 reported to us yesterday, Public Health England have advised that all Year 7 students should now continue remote learning from home for the remainder of the school year, returning in September. This is to support students, the school communities and families in the run up to the summer holidays.

Those students who were sent a separate letter regarding isolating due to being a close contact with the positive cases should continue to isolate until the date stated on their original letter. After that they should continue with their remote learning from home but neither they, nor other household members need to isolate past that date.

Distance Learning:

To support your child in the period in which they are not attending school we have developed a **bespoke remote learning curriculum** for each year group that directly links to our school's high curriculum expectations. This remote curriculum is accessible by clicking the "Remote Learning Curriculum" button on our website and then then clicking through to the "Remote Learning (COVID)" page. To access you will require your grace academy email address (ac0100****@graceacademy.org.uk).

if you have any issues logging on please email: help@gas-ict.on.spiceworks.com

At the end of each day please ensure you complete the "learning review" to help us monitor your progress. If you have any issues accessing an online remote curriculum please let the academy know and we will discuss with you any additional help we can provide to support your son/daughter.

If your child is eligible for free school meals you are entitled to a weekly food parcel to cover the rest of this week. If you would like to arrange this please contact the school office.

Yours sincerely

Darren Gelder
Principal, Grace Academy Solihull
