Dear Parent/Carer,

### RE: Tutoring

As you may be aware, to mitigate the impact of Covid-19 on the progress of students the government has set up and asked schools to support in facilitating the National Tutoring Programme. Since returning in September we have employed an academic mentor who has worked with a range of students to support them in key subjects during the school day.

As part of our ongoing support we would like to offer parents and students the opportunity to register their interest in receiving optional one to one online tuition at home from an external provider in either Maths, English or Science.

As part of this programme your child would work with an external tutoring provider directly at home on their own device and **commit to completing two, one hour online tutoring sessions between 16:00 - 19:00 every week for six weeks** starting in the final half term.

Students and parents/carers should be aware that they should only register an interest in the programme if they are committed to complete all of the sessions as outlined above, attendance to these would not be optional if selected to be part of the programme.

At this stage can I ask that you complete this [google form](#) by Monday 5th June to register your interest in this programme.

Yours sincerely

Mr Darren Gelder  
**Executive Principal**  
**For and on behalf of Tove Learning Trust**
