Dear Parent/Carer,

RE: Family Support Opportunity

We are delighted to remind you about our Academy Food Market, a provision designed to support families and bring our community together.

The Food Market is made possible through the generous support of *Langar Aid* and *FareShare*, helping us provide fresh produce, cupboard staples, and more to our academy community.

The market generally runs every Monday from 3.30– 4.30pm in the academy canteen, and families will be notified each time as confirmation of this via text message.

Alongside food items, we also have a selection of gently used school uniform items, as well as hygiene products available.

For those who have already signed up, thank you – we're so pleased you'll be joining us. Please remember to check your text notifications for updates and come along at the advertised time.

For new families, we warmly invite you to sign up via our Google Form ([Click here to complete](#)). This will ensure you receive notifications and can take full advantage of what's on offer.

We would love to see as many families as possible making use of this provision. We are very pleased to be able to continue providing this support.

Yours sincerely,

Emily Foster
Ethos Lead
