

21 September 2026

Dear Parent/Carer,

RE: Harvest Collection - 2026

As we move through September, we are excited to launch our Harvest Collection and come together as a school community to support families who may be experiencing difficulty. Harvest is a time traditionally associated with gathering, generosity, and giving back, and we want to strengthen our local food market so it can continue providing essential items for those who need them most.

Each tutor group has been assigned a specific food item to collect. Students will have received this information in tutor time, and we would be grateful for any contributions families are able to make. Even one item from each family makes a meaningful difference.

Donations can be brought into school, where tutors will collect the items from students and take them to the donation point in school. This helps us keep everything organised and ensures all contributions reach the food market.

Our Harvest Collection will run throughout the remainder of September, and we truly appreciate your support in helping us make a positive impact within our community.

Thank you for your generosity.

Yours Sincerley,

Ms Blount

Person Development Co-ordinator
